

EAGLE REGISTRY

WELCOME

This is the **third EAGLE Newsletter**. With this, we hope to keep you updated on progression of the registry, any planned EAGLE events and important messages.

STUDY STATUS

EAGLE inclusion is starting to pick up after a slow summer period. We just **passed the 40 inclusions** and with the current pace we hope to reach the 50 patients milestone in the near future. The first patient that was included recently visited the Catharina Hospital for the **1-year follow-up**.

To accomplish our goal of 250 inclusions we have been visiting participating centers in the Netherlands and abroad. We would like to thank all the centers we visited for the **warm hospitality** and **enthusiasm** we experienced.

PATIENT ENROLLMENT

Do you have any problems or doubts regarding the inclusion criteria? Please send us the CTA and **we will check EAGLE eligibility for you**. Within a couple of days you will have the results.

To speed up enrollment, the images can be uploaded securely via **www.intelegrid.com**

REMINDERS AND CLARIFICATIONS

Enrollment reminder:

When you discover a possible EAGLE patient prior to the operation; please do not hesitate to enroll. These patients can be enrolled up until **the day before the procedure**.

If you have not received the CORE lab report prior to the procedure, we would like to ask you to treat the patient as included. To avoid any unnecessary work we advise to complete at least the **Quality of Life questionnaire**. The remaining information can be gathered after the procedure when the patient is officially included.

A financial compensation is available for every patient enrolled in EAGLE.

If you need extra information or if you have any questions please contact us. We strive to answer you **within 24 hours**.

PATIENT ENROLLMENT

Please **send the CTA to:**

EAGLE REGISTRY

WE WOULD LIKE TO WELCOME **NEW** PARTICIPANTS

medisch centrum alkmaar

Medisch Centrum Alkmaar

Principal Investigator: dr. E.M. Willigendael
Department of Vascular Surgery
Alkmaar
The Netherlands

Laurentius Ziekenhuis

Principal investigator: dr. H.L. Jiang
Department of Vascular Surgery
Roermond
The Netherlands

Jeroen Bosch Ziekenhuis

Principal investigator: dr. O.H.J. Koning
Department of Vascular Surgery
's Hertogenbosch
The Netherlands

WE WOULD LIKE TO INTRODUCE A **NEW** TEAM MEMBER

Dear participants, I would like to use this newsletter to introduce myself. My name is **Yannick 't Mannetje**. I am a final year medical student at Maastricht University and an intern at the Department of Vascular Surgery of the Catharina Hospital. As of October of this year I started as **Study Coordinator**, and I will be active in the day-to-day operations of the EAGLE Registry.

I look forward to make the EAGLE Registry a **success** together with you!
